The NFESO office implemented its Continuity of Operations Plan (CoOP) in response to the COVID-19 pandemic and compliance with government guidelines and agency directives. Implementation under the current situation is not without unique challenges, our staff are teleworking and generally available. In compliance with local health guidance, our physical office is minimally staffed. While we are working to minimize disruption to normal business processes and response timelines, we ask for your understanding and patience during this period as we all adapt to the ever fluid situation. Thank you.

Monday would actually work better for me. I'm free after 2 and 10:30-11:30 in the morning.

Hi Heath,

I got your message about wanting to talk about elevation procedures you are trying to incorporate into an MOU with FDEP.

Are you available tomorrow or Monday to talk? Unfortunately, I've been pretty crunched this short week. My apologies for the delay.
